## Summary

Motivated IT student with a passion for software development and web technologies. Seeking an opportunity to apply technical skills and contribute to innovative projects. Excited to enhance expertise in a dynamic team environment, eager to take on new challenges and learn from experienced professionals. Strong drive for continuous improvement, committed to staying up-to-date with latest industry trends and technologies. Able to deliver high-quality solutions that meet client and end-user needs.

---

## Experience

### Intern Student

Yhills Platform • Vijayawada, AP

01/2024 - 06/2024

During my internship at YHills as a Full Stack Developer, I had the opportunity to work on a comprehensive project: developing a studio website from start to finish. This project aimed to create an engaging, user-friendly, and responsive website for a studio, covering all essential features required for a professional online presence.

This project was an invaluable experience in full stack development, helping me apply my technical knowledge in a real-world setting and refine my skills in web development, problem-solving, and project management.

### Intern Student

L&T Technology Services Ltd. • Vijayawada, AP

12/2022 - 06/2023

During my internship at L&T as a Python Full Stack Developer, I was responsible for building and enhancing a web-based student details updating system. This project aimed to streamline the management and updating of student information, improving both functionality and user experience.

This project provided me with hands-on experience in full stack development, allowing me to deepen my understanding of back-end processes, database management, and building functional, user-centered web applications.

---
